

VirEquine is a disinfectant-cleaner and has been rigorously tested and APPROVED by DEFRA. Passing 'General Orders' as defined in The Diseases of Animals (Approved Disinfectants - England Order S.I. 2007/448, Scotland Order S.S.I. 2008/219 and Wales Order S.I. 2007/2803. This product can be used where Disease Control legislation requires the use of an approved disinfectant. It has also been independently tested - EN1276 for Bactericidal activity under dirty conditions – pseudomonas aeruginosa, Escherichia coli, staphylococcus aureus, enterococcus hirae. Bordetella Bronchiseptica Tested, EN14476 for Coronavirus & Bovine Parvovirus, EN14675 Enterovirus and EN16777 Vaccinia Virus Tested.

VirEquine has been proven effective against the most resistant of equine pathogens, Equine Herpesvirus, Equine Influenza. VirEquine can be used for general disinfecting purposes providing a rapid and effective cleaning action whilst remaining biodegradable. Our product contains Alkyl Dimethyl Benzyl Ammonium Chloride which is a rapid acting broad spectrum bactericide, virucide, algacide and fungicide and provides more efficient removal of surface contaminants making it an ideal choice of disinfectant.

Available in Neutral - as Approved by DEFRA or fragranced: Apple, Bubblegum, Cherry, Freesia, Lavender or Lemon.

Available in 5ltr and 25ltr containers.
